NONDISCRIMINATION POLICY

It is the policy of the School District of Sevastopol that no person may be denied admission to any public school in this district or be denied participation in, be denied the benefits of or be discriminated against in any curricular, extracurricular, pupil service, recreational, or any other program or activity because of the person's sex, age, race, national origin, ancestry, creed, pregnancy, religion, marital or parental status, sexual orientation, or physical, mental, emotional, or learning disability or handicap as required by s. 118.13 Wis. Statutes. This policy also prohibits discrimination as defined by the Title VI of the Civil Rights Act of 1964 (race, color and national origin), Section 504 of the rehabilitation Act of 1973 (handicap), and the American with Disabilities Act of 1990 (disability)

The School District shall provide appropriate educational services of programs for students who have been identified as having a handicap or disability, regardless of the nature of severity of the handicap or disability. The School District shall also provide for the reasonable accommodation of a student's sincerely held religious beliefs with regard to examinations and other academic requirements.

The School district encourages informal resolution of complaints under this policy. A formal complaint procedure is available, however, to address allegations of policy violations in the School District.

Any questions concerning this policy should be directed to:

Steve Cromell, District Administrator
School District of Sevastopol

INTRODUCTION

This Financial Aid Guide is provided to students and parents with information regarding financial aid procedures and scholarship opportunities.

This guide is as up-to-date as possible, however, changes often occur after the material is printed. This is particularly true for application deadlines. In order to better assist students, current scholarship information is shared in the morning announcements, posted on school bulletin boards and listed on an information sheet in the Pupil Services Office. Students are encouraged to check for a revised listing on a regular basis. Many scholarship applications can be obtained in the Pupil Services Office.

Parents and students are reminded that most financial assistance is based on the premise that the cost of a college or technical education is the responsibility of the student and his/her parents. Financial aid is a means of assisting the parent(s) and student who could not otherwise afford such an education. The FAFSA (Free Application for Federal Student Aid) will be available in December and a **FINANCIAL AID MEETING REGARDING THIS FORM WILL BE HELD IN JANUARY**. It is extremely important that your parent(s) attend this meeting!

Generally speaking, students seeking financial assistance must meet two criteria. They must have financial need and have enough academic potential to be reasonably successful in the school of their choice. There are however, some scholarships for which financial need is not a criteria.

Many colleges, universities, and technical colleges offer scholarships that are not always widely publicized. Interested students should write to the Director of Financial Aid at the school of their choice for information regarding scholarships and other forms of financial assistance.

Students are encouraged to apply for **any and all** scholarships they may qualify for.

See Mrs. Malcore or Mrs. Alberts if you have any questions.

TIPS FOR COMPLETING SCHOLARSHIP APPLICATIONS

1. Read all directions carefully before beginning to complete the applications. Follow the instructions exactly.
2. **TYPE ALL APPLICATIONS!**
3. If you are asked to submit a statement in your own handwriting, be certain that it is legible.
4. Neatness is important. Do not submit an application that has smudges, cross-outs or answers squeezed in corners. They will not be sent to the school or agency, but will be returned to the student for correction.
5. Provide complete answers for each question. For example, if you are asked to list extra-curricular activities and years in which you participated, provide all of that information.
6. Be certain that you do not have spelling or grammatical errors on your application. Being able to use the English language correctly is an indicator of college potential.
7. Be as specific as possible in answering questions.
8. Give some thought to answers to essay type questions. If you are asked “why you want a college education” or “why do you need a scholarship” be concise, provide thoughtful reasons, and give creative rather than “stock: answers.
9. Proofread your application carefully! Have someone else review it also.
10. Be certain to meet application deadlines. No late applications will be accepted.
11. Apply for a variety of scholarships, for which you are eligible. Apply for every scholarship you feel you may be eligible for.
12. Start planning very early in your senior year so that you have plenty of time to meet appropriate deadlines.
13. Seek out adults who can write a positive recommendation for you and give them plenty of time to complete their recommendation letter.
14. What you write and how well you write it are as important as what you have accomplished!
15. Any questions – see Mrs. Malcore immediately.

GOOD LUCK!

SUPPLEMENTARY INFORMATION

WISCONSIN/MINNESOTA RECIPROCALITY

Wisconsin and Minnesota have a reciprocal agreement whereby Wisconsin students can attend Minnesota public colleges without paying out-of-state tuition and vice versa. Wisconsin students will pay the same tuition in Minnesota as they would to attend UW-Madison.

Forms are available online @ <http://heab.wisconsin.gov/mnwiapp.html>.

PELL GRANTS

The Pell Grant makes federal funds available to eligible students attending approved colleges, technical schools, Hospital schools of nursing, and other post-high school institutions. The Pell application is part of the general financial aid forms. Within six to eight weeks of submitting the form, applicants are notified if they are eligible for a Pell Grant. Basically, the Pell Grant attempts to provide a base level of grant support for needy students.

SUPPLEMENTAL EDUCATION OPPORTUNITY GRANTS

This federal grant is awarded by the institution to needy students as determined by the forms. This grant is usually given to students with financial needs.

WISCONSIN HIGHER EDUCATION GRANT (WHEG)

A. WHEG

Under WHEG, students enrolled in University of Wisconsin and vocational technical and adult education institutions can receive up to \$1800 per academic year based on financial need. Eligibility requires Wisconsin residency and enrollment in a public institution. You must be at least a half time student and maintain a satisfactory academic record.

B. TALENT INCENTIVE PROGRAM

The Talent Incentive Program (TIP) provides additional grant money for students who demonstrate special financial need and/or unusual family circumstances. It is designed to aid the disadvantaged student. Students from single parent families should apply as well as students from families who have a continuous history of low income. The grant may be used at private college, public universities, vocational/technical schools and nursing schools within the State of Wisconsin. Grants are up to \$1800 per year for first year students and may be repeated the second year.
